Monetary. The only noticeable change in the money narket at the East, is a still greater abundance. Call loans are easily made in New York at 40 tangent, and in some cases at even lower rates. The movement of specie to the South from New York continues, and the steamer Philadelphia on Thursday, took out \$500,000 from New York for the Southern cities. At the same the specie continues to pour into New York time Philadelphia at d Baltimore. The receipts the New York Custom House, on Wednes. er last, were quite small, amounting to only \$1 344 The remainder in the Subtreasury 31 \$7.631,563. If these results do not move 20 Secretary of the Treasury to propose igher rate of duties, nothing will. The rezainder in the U. S. Treasury, on Monday, mounted to \$7,173,000.
